

You will need to print this page out before you can colour in.

Best done on A3 size paper

Join in with the kids on their journey from PolySchool to PolyCamp and be part of the fun. You can do this by joining the dots together using basic right angled triangles, squares or rectangular shapes to form a totem/flag/banner design that will reflect who you are. Colour in your finished design as well as the rest of the 'POLYDECKA' bus.
